

NAPIER MUNICIPAL THEATRE

NAPIER MUNICIPAL THEATRE PIANOS

The Napier Municipal Theatre has three pianos available for use in the venue.

In 2002 a Steinway Model D Concert Grand was purchased at a cost of \$250,000.00 following some eight months of local fundraising by an enthusiastic team of volunteers. Many events were staged to raise funds along with generous donations received from local corporate companies and individuals.

Renowned NZ Pianist Patrick O'Byrne who is based in Europe travelled to the Steinway factory in Hamburg to select the piano for this theatre and many of the world class pianists who have played the instrument have spoken of its extremely good quality.

Normally stored in the theatres Pan Pac Foyer which has the most ambient temperature in the venue, the Steinway is transported on to the stage to meet concert or recital requirements.

The theatre also has a Challen Grand Piano and a Yamaha upright piano both regularly serviced and most suitable for performance.

Hire charges are available on application.
